PROFILE

- A detail-oriented Front-End Developer specializing in modern JavaScript, React.js, and Next.js, with a strong commitment to building responsive and high-performance web applications. I excel in transforming UI/UX designs into seamless user experiences while ensuring clean, maintainable, and scalable code.
- Experienced in implementing reusable components, optimizing page load times, and enhancing accessibility and SEO to improve overall product performance. I continuously apply best practices to deliver fluid, pixel-perfect interfaces across different devices and browsers.
- Skilled in consuming RESTful APIs, integrating backend services, and collaborating closely with designers and backend developers to streamline development workflows and ship features efficiently. Proficient with version control (Git) and agile environments.
- Passionate about staying current with emerging Front-End technologies and performance optimization techniques. I thrive in dynamic, collaborative teams where I can contribute to product growth, learn from others, and build meaningful digital experiences that support business goals.

PROJECTS

Restaura [🔗](#)

Developed a responsive restaurant website using **React.js** and **Tailwind CSS**, featuring smooth page transitions and interactive animations powered by **Framer Motion** for an engaging user experience.

Maintenance Now

Worked with a cross-functional team to develop a maintenance services web app using **Next.js** and **Zustand**, implementing service listing, request forms, and reusable UI components powered by **shadcn/ui** and Tailwind CSS.

Portfolio Website [🔗](#)

Designed and deployed a mobile-first portfolio to showcase projects and skills, focusing on accessibility and fast-loading performance.

Prayer Times Web App [🔗](#)

Built a responsive web app that fetches real-time prayer times via API and adapts UI dynamically based on user location and time.

Hotel Reservation System [🔗](#)

Developed a responsive hotel booking web app using **React.js** and **Redux Toolkit**, enabling users to browse rooms, book reservations, and manage their bookings. Implemented authentication with protected routes, filtering, and a clean UI focused on performance and usability.

Point of Sale (POS) System | PHP, Laravel

Enhanced UI/UX for sales and inventory modules, optimized performance for real-time operations, and ensured cross-browser compatibility for retail clients.

Almokhtar Shipping Platform | PHP, Laravel

Enhanced the user interface and optimized backend logic, reducing load time by **20%** and improving overall system responsiveness.

PROGRAMMING LANGUAGES

JavaScript | TypeScript | PHP

PROFESSIONAL EXPERIENCE

- Front-End Developer, *Freelance*Oct 2024 – Present
- Built responsive web interfaces using **React.js / Next.js**, improving UI consistency and user experience.
 - Integrated RESTful APIs and optimized data fetching, reducing loading time and improving performance.
 - Developed reusable components and maintained clean, scalable code following best practices.
 - Collaborated with clients to understand requirements and deliver features aligned with business needs.
 - Worked on small PHP-based website enhancements and bug fixes when needed.

- Front-End Intern, *Dev-Workflow (Startup)*Oct 2025 – Dec 2025
- Implemented UI features and improved layout responsiveness using **React.js, Next.js, TailwindCSS, Shadcn UI, Zustand, and CSS3**, leveraging a component-based architecture.
 - Worked alongside designers and backend developers in agile sprints to deliver functional web modules.
 - Participated in code reviews and learned modern workflows using Git and branch strategies.
 - Assisted in debugging, browser compatibility fixes, and performance improvements.

TECHNICAL SKILLS

- Frontend Development
- React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap
- State Management
- Redux Toolkit, Context API
- API & Backend Integration:
- RESTful APIs, Axios, JSON, Node.js basics, Express basics, Authentication flows (JWT)
- Performance & Optimization:
- SEO Basics, Code Splitting, Lazy Loading, Image Optimization, Caching Techniques
- Version Control & Tools:
- Git & GitHub, VS Code, npm, Yarn
- Testing (Basics)
- Jest , React Testing Library

BASIC KNOWLEDGE

- Testing | Node.js & Express | MySQL |
- MongoDB | PHP | Laravel

EDUCATION

- Bachelor of Management Information Systems,
- Thebes Higher Institute, Cairo, Egypt
- Sep 2020 – May 2024 | Cairo, Egypt

INTERESTS

- Exploring Technologies | problem-solving |
- Tech Communities & Meetups

COURSES

- Pro Frontend Engineer ReactJS + TypeScript + Redux, Udemy , Created by : Muhammad Naga
- React.js,
- ITI Mahara-Tech, Created by : Ahmed Zaghloul
- Introduction to MongoDB,
- ITI Mahara-Tech, Created by : Merihan Mohammed
- TypeScript Fundamentals,
- Mahara Tech, ITI , Created by : Mina Dawoud
- Modern JavaScript: ES6 and beyond,
- ITI Mahara-Tech, Created by : Niveen Nasr El-Deen
- JavaScript Fundamentals,
- ITI Mahara-Tech, Created by : Niveen Nasr El-Deen
- HTML & CSS, ITI Mahara-Tech,, Created by :
- Ahmed Adel Domairy
- Computer Network Fundamentals,
- ITI Mahara-Tech, Created by : Dr/Mohamad Adly
- Web Development Challenger Track, UDACITY

SKILLS

- Attention to Detail & Clean Code
- UI/UX Collaboration
- Agile & Team Communication
- Continuous Learning & Adaptability
